

State Road 15 (U.S. 17) at State Road 16 Intersection Improvements

Clay County, Florida

Financial Project Number: 436118-1-52-01

Public Hearing

Date: June 27, 2017
 Time: 4:30-6:30 p.m.
 Location: Clay County Supervisor of Elections office
 500 North Orange Avenue
 Green Cove Springs, Florida 32043

Agenda

Drop by to view displays and discuss the project with FDOT and project staff. A presentation and comment period will begin at 6:30 p.m.

State Road 16 approaching U.S. 17 Intersection

Please join the Florida Department of Transportation (FDOT) to discuss the proposed intersection improvements at State Road 15 (U.S. 17 / S. Orange Avenue) at State Road 16 (Leonard C. Taylor Parkway) in Clay County.

ABOUT THE PROJECT

An intersection study was performed in March 2014 for the State Road 15 (U.S. 17 / S. Orange Avenue) at State Road 16 (Leonard C. Taylor Parkway) intersection in Clay County. The study revealed that the intersection experienced approximately nine crashes per year from 2010 to 2012. The prominent safety concerns included the southbound and westbound rear-end crash trends, the north-south left turn crash trend,

and the angle crash trend exiting the State Road 16 gas station driveway. As a result of the study, FDOT has decided to improve the safety and operational characteristics of the intersection and adjacent driveways through turn lane additions, lengthening of existing turn lanes, using protected-only signalized left turns, and construction of a traffic separator along SR 16 for access management.

THE PROPOSED IMPROVEMENTS INCLUDE

- Replace traffic signal and pedestrian features at intersection
- Install a new traffic separator on State Road 16
- Construct dual southbound left turn lanes on U.S. 17 and widen State Road 16 to four lanes
- Construct a westbound left turn lane on State Road 16
- Construct a northbound left-turn lane on U.S. 17 at the median opening north of State Road 16
- Extend the westbound right-turn lane on State Road 16
- Adjust drainage to accommodate the proposed improvements

State Road 16 at U.S. 17 Intersection Improvements

The purpose of the public hearing is to provide information on the study's findings, discuss the proposed improvements and receive public input.

Project documents will be made available for downloading June 27 from the project website, www.nflroads.com/GCSintersection, and will be available at the public hearing.

Public participation is solicited without regard to race, color, religion, sex, age, national origin, disability or family status as FDOT complies with Title VI of the Civil Rights Act of 1964.
